

Yukon Linked Repeater System

Yukon Amateur Radio Association

Yukon Amateur Radio Repeater Network
With generous support of governments and industry YARA builds and maintains a Yukon wide network of amateur radio repeaters throughout Yukon. These repeaters enable amateur radio operators to communicate along most Yukon highways year round. This network is available for use by visitors and residents. YARA also provides support for the Yukon Marine Radio System.

Yukon Amateur Radio Association (YARA)

- Radio communications for recreation and service
- Mobile radio links to Yukon Communities
- Connecting Yukon to the World
- Supporting marine emergency radio
- Volunteering at community events

Printed Fall 2010

YARA Meetings

Visitors always welcome
146.940- and 146.880- MHz
usually monitored in Whitehorse

for Holidays, 7:00 p.m., Whitehorse,
60 Norseman Drive, across from the
Airport Chalet, in the EMO building.

GPS – N 60°42.9' – W 135°04.7'

Saturday morning breakfast
club – 9:30 a.m., A&W, Whitehorse

About YARA

Check the website for lots of
information and photos
www.yara.ca
and our Yahoo group at
[groups.yahoo.com/group/
yukon_amateur_radio/](http://groups.yahoo.com/group/yukon_amateur_radio/)

YARA members are involved in
community events and projects
throughout the year as well as
Emergency Measures Organization
communication support.

- Yukon Marine Radio System
- Haines-Chilkat Bike Race
- Skagway-Whitehorse Road Relay
- Canada Day Demo and Radio Contest
- Lions Trade Show
- EMO Exercises & Disasters

YARA members have vehicle license
plates with their distinctive "HAM" call
sign e.g. VY1RM

About Amateur Radio

Amateur radio offers an exciting world
of radio communications - voice,
digital, satellite, APRS/GPS tracking
and even Morse code.

Talk to your friends Yukon-wide with
miniature handheld radios and mobile
car/boat radios. Work the world with
handhelds, mobile and high frequency
radio.

Join the fun with community events
and emergency measures exercises.

Get your Amateur Radio License

1. Join a YARA study group or use a
self study manual
2. Review the exam questions from
Industry Canada
3. Write the multiple choice exam
4. Industry Canada will send you a
FREE license to operate on VHF &
UHF frequencies and use repeaters
and links with inexpensive radios

Get an Advanced Rating

- Build your own transmitters, kits and
other equipment
- Operate with higher powered
transmitters
